Patient Responsibility Form

Patients with Private/Public Insurance

Holly Street Physical Therapy participates with most major health plans. We have contracts with many HMO's, PPO's, Insurance Companies, and Government agencies including Medicare. It is the patient's responsibility to make sure that HSPT is in network with your health insurance plan(s). We strongly encourage our patients to call their insurance provider(s) and verify their policy inclusions and exclusions for physical therapy services. We also offer a cash pay plan for those that do not have health insurance.

We will provide you with a summary of your benefits from your insurance company. If you have a co-pay, co-insurance, and/or deductible we will be collecting that at every visit. Once your physical therapy is completed and the claims have been filed and paid by insurance, any balance left will be the responsibility of the patient.

Medicare Patients with Home Health Care

Are you receiving Home Health Care Benefits such as skilled nursing care, physical therapy, house cleaning, wound care, injections, home safety checks, health aide care, etc.?
